Are you a future leader? Are you challenge ready? McKercher LLP is committed to finding and developing the best talent that is willing to climb to the next height. Successful candidates are achievers, willing to work hard, are engaged in their community, and play an active role in their own future. Our articling program exposes students to all aspects of the practice of law, engaging them in matters that are both challenging and interesting. It is rewarding for us to see these students with so much talent move towards the next stages of their legal career.

The goal of our program is to expose students to a wide variety of legal matters while working among a group of seasoned professionals. We have found that this helps students when making decisions regarding their future career.
